

# One More Turn™ Solution Dyed Nylon.

Available at Sherwin-Williams Floorcovering Centers

## GET MORE TURNS OUT OF YOUR CARPET.

### SAVE A BUNDLE WHEN YOU'RE TURNING UNITS

When you're getting your property ready for new residents, flooring is often your biggest expense. But now there's carpeting that will last you longer—One More Turn solution dyed nylon. This innovative new flooring cleans easily without losing its great looks. So you'll be able to turn units without having to purchase new carpeting as often.

### REGULAR CARPETING JUST CAN'T COMPETE WITH ONE MORE TURN

Conventional carpeting only has coloring on the outside of the fibers. But One More Turn is colored all the way through. That's because it features solution dyed nylon, which is made by including colored yarn at the beginning of the carpet making process versus the standard dyeing process. And as a result, One More Turn can be cleaned multiple times without losing its color.

One More Turn is also easy to maintain. Most stains can be quickly removed with regular household cleaners. And if a more substantial stain is present, this carpet can even stand up to a 50/50 bleach solution.

### SEE THE SAVINGS FOR YOURSELF

Recently, we compared the costs of regular carpeting used in units with One More Turn. And the results are in:

	CURRENT CARPET		ONE MORE TURN 18 OZ	
First Year – Initial Cost	80 yards	\$ 575.00	80 yards	\$ 625.00
Second year	Cleaning	\$ 35.00	Cleaning	\$ 35.00
Third year	Cleaning/Dye/Spots	\$ 135.00	Cleaning	\$ 35.00
Fourth year	Replace carpet	\$ 575.00	Cleaning	\$ 35.00
Total costs		\$ 1,320.00		\$ 730.00

**Net savings with One More Turn—\$590.00**

### INDUSTRY-LEADING FLOORING SOLUTIONS, FROM A NAME YOU TRUST

One More Turn solution dyed nylon is the flooring you need to turn units faster and improve your bottom line. And it's available at Sherwin-Williams Floorcovering Centers. ### APPLES VS. CARROTS

Regular carpeting is like an apple, with color on the outside only.

One More Turn is like a carrot, with color all the way through.
