Product Data Sheet

Base: 100% acrylic resin

General Properties: VINYL PREP®, PRO-909 is an economical acrylic emulsion primer for general purpose applications.

- Eliminates sizing
- Dries clear with slight tack
- Low odor and splatter

Recommended Uses: For applications over bare drywall and sound paint

Not Recommended For: Vinyl over vinyl applications or extremely difficult conditions in these applications, PROFESSIONAL® R-35® is recommended.

Substrates: Sound paint, bare drywall to promote even drying of the adhesive

Compatible Coatings: All water-based products and all PROFESSIONAL® brand adhesives.

SPECIFICATION DATA

Percent Solids: Approximately 15%

Coverage: Approximately 450 square feet per gallon

Viscosity: Approximately 4,000 cps

Drying Time: Dries in less than one hour

Storage: Avoid freezing; keep in cool, dry place.

APPLICATION INSTRUCTIONS

Surface Preparation: Surface must be free from grease and paste residues, dry, smooth and structurally sound. Check surfaces for paint bonding, loose wallcoverings, damaged wallboard or plaster. Repair all unsound surfaces. Before proceeding with any unusual conditions, consult your adhesive or wallcovering supplier.

Tinting: Can be tinted with universal tints, 4 oz./gal. maximum

Dilution: Do not dilute.

Application Method: Use only when the room temperature is above 50°F. Apply a thin, even coat of primer with a roller, brush or spraying system.

Airless Spray: Pump 45:1
Hose: 1/2” I.D.
Tip size: .015 or larger
Gun psi: 2100

Drying Time: VINYL PREP is dry and ready to hang over in less than one hour. Low temperature, high humidity and/or poor ventilation will slow down the drying process.

Clean-Up: Before primer dries, remove excess with warm, clean water. Brushes and rollers should be cleaned immediately after use with warm, clean water.

CAUTION

Do not freeze. Do not take internally. In case of ingestion, seek medical attention. Avoid contact with skin and eyes. Use of skin and eye protection is recommended at all times. If contact with eye occurs, flush with water for 15 minutes. If skin contact occurs, wash with soap and water. Seek medical attention if rash or other symptoms occur. Do not mix with other chemicals. Use in a well ventilated work area. Close containers after each use. Keep out of reach of children.

LIMITED WARRANTY
