MINWAX® Water Based Sanding Sealer 275 VOC Compliant Formula

DESCRIPTION:

Minwax® Sanding Sealer seals wood grain, is easy to sand and dries in one hour. It is designed for use on unstained, bare wood floors, furniture, doors and cabinets.

RECOMMENDED USE:

Minwax® Sanding Sealer is for Interior Use Only

Minwax® Sanding Sealer is designed for use on unstained, bare wood floors, furniture, doors and cabinets. It can be topcoated with any Minwax® oil or water-based polyurethane finish, such as: Minwax® Fast-Drying Polyurethane, Minwax® Super Fast-Drying Polyurethane for Floors, or Minwax® Water Based Oil-Modified Polyurethane. Its quick dry feature allows for sealing and topcoating your project in one day.

Note: If wood is stained, it is not necessary to apply Minwax® Sanding Sealer prior to topcoating.

SURFACE PREPARATION:

- Sand project down to bare wood.
- Remove all dust, then thoroughly wipe with a damp cloth.

WARNING! Removal of old paint by sanding, scraping or other means may generate dust or fumes that contain lead. Exposure to lead dust or fumes may cause brain damage or other adverse health effects, especially in children or pregnant women. Controlling exposure to lead or other hazardous substances requires the use of proper protective equipment, such as a properly fitted respirator (NIOSH approved) and proper containment and cleanup. For more information, call the National Lead Information Center at 1-800-424-LEAD (in US) or contact your local health authority.

APPLICATION NOTES:

Product Preparation

- Stir Minwax® Sanding Sealer well before and occasionally during use. Do not thin.

Application

- Apply a thin coat of Minwax® Sanding Sealer with a high quality synthetic bristle brush, foam applicator, or synthetic pad applicator.
- Allow surface to dry at least one hour.
- Abrade surface with a new 320 grit sandpaper or screen, or a maroon floor pad.
MINWAX® Water Based Sanding Sealer 275 VOC Compliant Formula

- Apply two or three coats of any Minwax® oil or water-based polyurethane, following label directions.
- Do not use under lacquer.

**DRY TIME:**

- Allow surface to dry at least one hour.

  **Note:** Drying time will be increased by high humidity, low temperature, lack of air movement or heavier application.

**CLEANUP/STORAGE:**

**Clean-Up:** Clean application tools with warm water immediately after use.

**SAFETY:**

**CAUTIONS:** Use only with adequate ventilation. To avoid overexposure, open windows and doors or use other means to ensure fresh air entry during application and drying. If you experience eye watering, headaches, or dizziness, increase fresh air, or wear respiratory protection (NIOSH approved) or leave the area. Avoid contact with eyes and skin. Wash hands after using. Keep container closed when not in use. Do not transfer contents to other containers for storage.

**FIRST AID:** In case of eye contact, flush thoroughly with large amounts of water. Get medical attention if irritation persists. If swallowed, call Poison Control Center, hospital emergency room, or physician immediately.

Nonphotochemically reactive

**WARNING:** This product contains a chemical known to the State of California to cause cancer.

DO NOT TAKE INTERNALLY.

KEEP OUT OF THE REACH OF CHILDREN.
